

REMOTE GUARDING & VIDEO SECURITY SOLUTIONS FOR SMALL-SIZED BUSINESS OR INDUSTRY

IDEAL FOR:

RESTAURANTS
SMALL CONSTRUCTION SITES
COMMERCIAL BUILDINGS
SMALL WAREHOUSES
SMALL PARKING LOTS

The Box Unit is ideal for small to medium sized businesses in need of a compact and versatile security solution. Box Units are equipped with advanced state of the art A.I. technology and two way audio communication enabling live interaction with your property by remote guards.

The Box Unit itself is mobile and mountable, making this security surveillance option flexible and adjustable according to your business needs.

CONSTRUCTION SITE SECURITY

INDUSTRY CHALLENGES

We understand that job sites in the initial phases of construction are especially vulnerable to the theft of expensive machinery and materials, vandalism, trespassing, loitering, internal theft, fraudulent workers' comp claims, and other unwanted activity; contractors can face increased insurance premiums and liability claims as a result of such risks.

If you are looking to reduce theft, vandalism, fraudulent claims, and safety issues at your construction site, call **Guardian Integrated Security**.
